

Kamaile Academy

Request for Proposals for IT Services

Date: August 2021

A OVERVIEW

Background of Kamaile Academy

Kamaile Academy is a public conversion charter school located on the Wai'anae Coast of O'ahu that serves 980 students in Grades PK- 12. We promote innovation and an 'ohana learning style through our curriculum, educational programs, and expanded learning time.

Situated in what would conventionally be labeled a “high need” and “high risk” community, the school community of Kamaile Academy deliberately chooses to focus on the talents, potential, and culture each of our students possesses. Our mission is “to prepare self-directed, self-aware, college-ready learners who will embrace the challenges of obstacles, experience the pride of perseverance and accomplishments, and demonstrate the strength of ‘ohana (family) and community.”

Kamaile uses and maintains a multitude of devices. Windows based desktops, windows/mac based laptops, chromebooks, iOS based tablets as well as smartboard programs and other educational software packages. Kamaile Academy has approximately ,1000 devices in total that support instructional programs. The school uses the Department of Education’s iNet for network access.

B RFP OBJECTIVE

Through this RFP, Kamaile Academy seeks Informational Technology (IT) services for SY 21/22 beginning on September 1, 2021 through June 30, 2022, with the option for two one-year renewals.

- Provide major software fixes to educational software used for instructional purposes
- Install all current and future software for all campus systems.

Repairs and Emergency Support

- Provide technical support for administration, faculty & staff to address their questions and repair requests that are managed through digital request forms.
- Provide unlimited phone support for school-related technology issues, including, but not limited to network, computers and operating software.
- Provide on-site response to emergencies within 30 minutes of request.
- Purchase parts and shipping on behalf of the school and receive reimbursement at cost.
- Complete repairs of equipment on campus, including Apple equipment and Windows based equipment. e.g; Laptops, ipads, desktops, smartboards, document cameras, etc.

Inventory

- Provide school administration with a quarterly report that addresses age study/shelf-life analysis on all school equipment, including the cost analysis of up-keep vs. replacement, etc.
- Establish and maintain systems for inventory tracking (both hardware and software); network mapping and maintenance schedules.
- Conduct annual physical inventory of technology equipment.
- Assist with the disposal of antiquated electronic equipment and ensure compliance with federal/state government electronic disposal guidelines.

Monitoring

- Use of Department of Education's internet safety protocols and education guidelines which follow CIPA, HIPAA and FERPA regulations, allowing the monitoring and proper use of the campus network
- Monitoring of the school network for bandwidth problems and improper student/staff use resulting in recommendations to administration regarding correcting such situations without violations to individual privacy and/or discrimination
- Provide maintenance service and programming of current Access Point and Switch Systems.

Selection Criteria

Listed below are criteria that will be utilized in our selection process. Please note that this is not an inclusive list and that other relevant criteria may be used.

1. Proposed Fee – Please include in your proposal a schedule of billing rates for your engagement team and a proposed fee for this engagement inclusive of out-of-pocket costs. Proposed fee shall be considered firm for the professional services requested above. Any additional fees for services not covered above shall be negotiated separately.
2. Expertise and qualifications of your firm – Your proposal should include reasons why your firm is qualified to perform the requested services.
3. Professionalism and depth of resources – A description of your firm's dedication to professionalism and familiarity with the operations of Kamaile Academy.

D PROPOSAL FORMAT

To ensure that your proposal is complete and addresses all key RFP issues, it is required that your proposal follow the outline provided below. One (1) digital copy of the proposal must be provided.

The RFP response shall be organized into the following sections, in the order listed, and include the requested information:

Section I - Introduction

The Title Page identifies your company, name and address, name of the contact person, telephone and fax numbers, email address and proposal date. Include a brief overview of your organization and how your organization can assist Kamaile Academy with this RFP.

1. Company Information

- a. Background of company
- b. Contact Information
 - i. Identify the individual(s) in your organization that will be the point(s) of contact throughout this evaluation process. Please include name, title, mailing address, e-mail address, phone number, and fax number.

2. Scope of Services Provided

- a. Describe the scope of services that will be provided to include paid service, no cost services, and any additional services.

3. Include a list of applicable representative clients that demonstrate your firm's expertise in Information Technology services.

Section II - Bidder's Contract Prices, Fees and Expenses

When providing bidder's contract prices, please indicate current rates and the proposed rate.

NOTE: An "all-inclusive" rate (covering all travel, fees and expenses) for differing volume of service levels is desirable and highly preferred.

In addition to the above, please report separately how your organization responds to the following scenarios and list how rates/expenses would apply:

1. At any stage of an initiative, estimated work and the scope or effort may change. How do you typically handle these situations?
2. Describe your payment terms.
3. Provide details regarding work hours, overtime, or any factor that will affect how services or hours are accrued.
