**5. Optional Student Academic Outcomes**

For the next three years Ka ‘Umeke will continue to collect data to inform instruction and work to improve its instructional program through the implementation of STAT, an onsite teacher coaching program, related Papakū Makawalu and literacy professional development, implementation of a daily literacy block, and the introduction of new vocabulary. Of particular focus will be improving academic achievement in Hawaiian and English Language Arts. Ka ‘Umeke will be utilizing two different assessments to measure progress towards our literacy student goals. To measure Hawaiian language literacy achievement, we will be utilizing our Ke Au assessment currently administered three times a year (Fall, Winter, and Spring). Grade level proficiency will be measured by a score of 90% or better in reading fluency and 75% or better in reading comprehension in the Spring. Current Ke Au scores (Fall) in 3<sup>rd</sup> and 8<sup>th</sup> grades show that less than 20% of students in both grades are at grade level (18% 3<sup>rd</sup> grade, and 15% 8<sup>th</sup> grade), with the average score being 58% for 3<sup>rd</sup> grade and 55% for 8<sup>th</sup> grade. English language arts achievement will be measured by NWEA MAP with grade level proficiency being measured by the national median. This assessment is being administered three times a year and current 8th grade scores show an average RIT score of 210 with just under 25% of students at grade level. At the end of each year Ka ‘Umeke will report on the percent of students in 3<sup>rd</sup> and 8<sup>th</sup> grade that meet grade level proficiency in language arts. Checks for understanding will also be used to determine the ability for students to read, deconstruct and apply appropriately oli to their Papakū Makawalu research.
